

HEALTHY

- Our program includes the use of color-coded microfiber mops and cloths that ensure no cross-contamination to surfaces.
- The equipment we use is eco-efficient, to extent run time and decrease operation times.
- Using up-to-date technology, vacuums have multiple layers of filters, and collect more harmful particles, keeping them from being reintroduced into the environment.
- Our bathroom cleaner and scale remover is GREENGUARD Certified, Green Seal™ Certified, and Environmental Choice approved.
- Our disinfectant is EPA-Certified and breaks down to simple oxygen and water and is safe in case of skin contact.

CLEAN

- The tools and equipment used in conjunction with the correct procedures determines the efficacy of the cleaning itself.
- All hard surfaces are first cleaned to remove soil and improve effectiveness of the disinfection.
- Our sanitizing and disinfecting products are EPA-certified.
- We emphasize targeting high-touch surfaces such as elevator buttons railings, door handles, switch plates, restrooms, etc.
- We will follow the cleaning and disinfecting recommendations provided by the CDC and OSHA.
- Our fast-acting disinfectant has a 5-minute contact time to kill bacteria and viruses on the surface.

PROTECTED

- Temperatures are taken before shifts. Employees exhibiting any sickness symptoms are encouraged to take proper care and stay home or are sent home.
- Electrostatic Sprayer machines can be used to apply disinfectant to more surface area at a faster rate than hand application.
- Employees use contactless-clock-in procedures.
- Employees are trained and informed of current industry standards and guidelines.
- Signage will be provided for cleaners to increase hygienic practices.
- Employees will use Personal Protective Equipment (PPE) including face masks and gloves.

MY CLEANING PROMISE PROGRAM

We value the comfort and health of our guests and visitors that count on our buildings to be protected from the potential risk of infectious pathogens. In partnership with Maritime Conference Center, My Cleaning Service is dedicated to the communication and implementation of the MY CLEANING PROMISE PROGRAM to provide a unified guideline for cleaning and disinfection across all the spaces in which we clean. The plan is our initiative to ensure a safer environment within three categories: HEALTHY, CLEAN and PROTECTED.

This program was created with you in mind.

Whenever you see our MY CLEANING PROMISE seal, let our professional care set your mind at ease. Our services are guided by scientific and industry standards for the safety of the occupants of the spaces we clean.

Trust MCS as your local, professional cleaner.
